

THE WHITEHALL

English Arts & Crafts character, thoughtfully designed for modern luxury living.

The Whitehall is an elegant interpretation of the English Arts & Crafts tradition, blending romantic architecture with a gracious, highly livable floor plan. Steeply pitched gables, warm stone accents, painted masonry, metal roof details and carefully proportioned windows create a distinctive exterior with warmth and architectural depth.

Inside, the main level is designed around generous gathering spaces and effortless indoor-outdoor living. The family room, kitchen and dining area flow naturally together, with a large center island serving as the heart of the home.

A separate scullery and pantry provide exceptional entertaining and everyday function while keeping the primary kitchen beautifully composed. The private primary suite occupies its own wing, with a spacious bath and divided dressing areas.

A dedicated office, private guest suite, pool bath, drop zone, laundry room and generous garage spaces complete the main level. Upstairs, additional bedrooms, a bunk room, recreation room, exercise room and Vista Porch provide exceptional comfort for family and guests.
